

Through These Doors Walk The Men of Moeller

April 29, 2015

Briefly Speaking

As the fourth quarter and the end of the 2014-15 school year are rapidly approaching, we give thanks for the many successes achieved by our teachers and students this year. We are grateful to all of our Seniors and their families for all they have contributed to our rich Moeller tradition over the course of their four years at Moeller!

These last days of the year are a time when we strongly encourage all of our students to begin now to prepare for their final exams. May is a month with Advanced Placement exams being taken, in addition to student's normal course exams. Students should begin the process now, to focus on cumulative information from year long and semester courses, to ensure they perform at their best during final examinations. Please take time to encourage your sons to set aside time daily to begin to prepare for these assessments. Proper sleep and nutrition are also a big help, especially as testing tends to be a stressful time for many students. While we want students to perform at their best, we also want each of them to maintain a healthy approach to academics that does not cause undue stress or anxiety for their overall well being.

Our exam schedule is posted below, and on our website, along with the AP testing schedule.

May the days of Spring allow you to enjoy the beauty of God's Creation!

Yours In Service,

Blane Collison
