This is my last note as President to all of you. If I had to choose one word to summarize these last five years serving as Moeller's first President under our current governance model, that word would be "grateful".

These last five years have been quite a ride and I would not have wanted to take it with anyone but you, our faculty and staff, our alumni and most of all, your sons. I feel blessed that God has given me the opportunity to minister in this wonderful Moeller Family. I have been fortunate to have crossed paths with many of you and I am thankful for what has been accomplished with your help. I always know that when my proverbial "flame" goes out, it will be rekindled by a story or reflection from some of you.

This is a truly wonderful ministry at Moeller and one that won't be denied. So, as we finish up our strategic planning work and investigate the ways to create some consistent and lasting change where needed, I look forward to serving that change, and all of you, in a different capacity. Grateful for all of you,

Grateful for all of you,

Bill Hunt
